**Subject:** Information about bribery among your ranks

Mr. Powell

The FCC is selling out your children and future grandchildren. YOUR children live in a world where the voice of a few brainwashes the minds of the rest. If you want to dumb down the masses, you also dumb down YOUR future bloodlines.

I make this personal appeal because I believe it is the only way a person in your position will truly listen. It seems the FCC doesn't care one bit about its constituents (taxpayers). It seems you don't care about diluting culture or the media. It seems you don't care about the spirit of the ANTI-TRUST movement.

How dare you allow one or two conglomerates to buy up all the radio stations. Are you people totally IGNORANT to the long-term repercussions of such legislation. The masses of America are already apathetic and stupid. Do you want to turn our country into a third-world consumer plantation?

This is a fact: Someone in the FCC is being bribed. Perhaps that word has lost its meaning to you. Perhaps bribery is common place and common knowledge among your staff of public servants.

GO AHEAD, SELL OUT HUMANITY AND EAT YOUR OWN FLESH. You're going to do it anyway.

Sincerely,  
tax payer  
(therefore, your boss)  
SAM MALAJ
